Reviews

It is one of the best books. Indeed, it really is a play, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

Le Guin as well as a host of new thinkers illustrate continuity and rupture in ongoing theoretical and cultural critique This volume contains an eclectic but accessible collection of reportage, interviews, letters, fragments, and theoretical responses from some of the brightest new as well as a few established minds in critical theory. Its authors have sent dispatches from American prison yards, the shipping graveyards of India, fatal overseas drone strikes, roads crisscrossing the Mississippi delta, childhoods in revolutionary Zimbabwe, and kitchens where undocumented workers wash dishes. As the serial disasters of capitalism s current crisis economic, political, environmental continue to batter the world, Black Box: A Record of the Catastrophe is a device for recording, analyzing, and transmitting events as they happen. It offers neither dire predictions nor false hopes; instead, it embraces the mystery of what might transpire. Le Guin, Miranda Mellis), poets (Emily Abendroth, Cathy Wagner, Alli Warren), and many others.
