

Singing Archaeology - Philip Glass's Akhnaten

By RICHARDSON, John

U.S.A / Wesleyan University Press, 1999. Soft cover. Book Condition: New. No Jacket. The author's in-depth examination shows how the third opera of Glass's famous trilogy, the story of an adrogynous monarch who authored radical social and religious reforms, encapsulates Glass's ideational orientation at the time, both in terms of his unique conception of music theater and with regard to broader social questions. Glass's nontraditional musical syntax, his experimental, minimalist approach, and his highly ambiguous tonality have resisted interpretation, but Richardson overcomes those difficulties by developing new theoretical models through which to analyze both the work and its genesis. With careful explanations of theory and compositional strategies, close readings of the work itself, consideration of the collaborative aspects of the opera's evolution, and incorporation of previously unpublished interviews with Glass himself combine to illuminate both a landmark work of contemporary musical theater and a dominant figure on the American musical landscape. With some illustrations. A 1st edition paperback in new condition. (295 pages & 14 pages of introduction).

Reviews

It is one of the most popular publications. It really is written in easy words and not difficult to understand. You are going to like how the author wrote this book.

-- **Prof. Evans Balistreri DDS**

Completely essential go through book. This is for all who state there had not been a worthy of reading through. It is extremely difficult to leave it before concluding, once you begin to read the book.
