

Beware the Winds of Doctrine

By Henry Miranda

Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Doctrine is the study of the Word of God. This book explains that it is not IF we believe---it is WHAT we believe. Religion is a tool of Satan and he has placed many false teachers and preachers in our midst. This is one way that he can get to people as they have the need to worship. As the winds blow here and there so do many preachers who turn away from the Word of God to become people-pleasers. They lead their congregations down the wrong road. As a Christian we should study the Word of God diligently and know for our self if what we are hearing from the pulpit or the televised evangelists is correct doctrine or are we being deceived. The author backs his text with plenty of scripture references. We need to study to make sure what we are hearing is in accordance with scripture. . This book has pertinent information and should be read along with the scriptures. I highly suggest the reader study the scriptures not just a quick read.
