An Adventure with ED the AED is a fun book written to educate children about the safe and easy usage of AEDs (Automated External Defibrillators) it is the first in a series of books about first aid and other life saving skills. Fact: An estimated 456,000 people died last year from sudden cardiac death nearly 2,000 of those were children with heart defects that had not been detected an AED could have possibly saved their lives! This book gives children and adults training through its easy step by step format with simple to understand instructions on the use of an AED and hands only CPR (Cardio Pulmonary Resuscitation). This book helps to not only empower adults but children of any age to feel confident to help save a life it is a powerful tool to help anyone overcome fear that might otherwise keep them from getting involved in a life and death emergency. An Adventure with ED the AED helps to dispel many myths surrounding safety issues regarding the use of an AED the AED will not shock anyone that is not in cardiac arrest (V-FIB or Pulse-less V-Tach). Our book helps to create an awareness of the location of AEDs as well as clear and concise instructions on hands only CPR. It is relevant training for children in health class and a perfect tool to aid schools in their compliance for Legislative Actions across the U. S. and other countries for the training of all children including Kindergarten through 12th grade in this life saving skill. Fact: Anyone yes even a child can save a life! This is a psychological and...
